Parish News

Summer Fun

Thank you to everyone who came out to our Summer Fun events!
Over the summer we had fantastic attendance to our sporty events of Football Skills and Tennis & Basketball Skills and to our MK Play Dates and Great Gappo Circus Skills. Luckily, our Football Skills will be back for October half-term (weather permitting). If you have any suggestions of other events we should hold, please feel free to contact the office.

Coach Trips

The Coach Trip to Great Yarmouth was fun for all and we're looking forward to our next one to Stratford upon Avon in December.
Thank you to everyone who came and enjoyed the seaside with us. If you have any comments about the trip or any suggestions about future destinations, you can either fill out [this form](#) or contact the office. If you would like to go to Stratford upon Avon on December 6th, tickets will be on sale on the 22nd of October.

Neighbourhood Plan

Thank you to everyone who came to our consultation event on the 17th of August.
We appreciate and have taken note of all the comments made regarding our Plan. For the most up-to-date information about the Neighbourhood Plan, please check our website. We have an expansive section with information about present and past updates, notes from all our meetings, and links to other Parish's Neighbourhood Plans.

Macmillan Coffee Morning

Come and join us for some cake and coffee (or tea!) at our Macmillan Coffee Morning on Friday, 27th of September to raise money to help Macmillan support those with cancer.
A definite date for the diary, Stantonbury Parish Council are holding a Coffee Morning at 11 o'clock at our offices (126 Kingsfold, Bradville, MK13 7DX). Bring yourself, your family, and even cake if you'd like to and lets raise money to help those with cancer together.

We understand speeding is a big issue for street safety so we're actively working to monitor speeds and make improvements based on the data we collect.

We look after our streets through two primary means: TSID and Sentinel. TSIDs are temporary vehicle-activated signs which detect and display real-time vehicle speeds (left). Our TSID spends four weeks at one location, two weeks facing in either direction. This data helps us to understand where the busiest roads are in our Parish and where we need to focus on. We have also purchased a Sentinel Device to monitor speeds and note vehicle registrations of those who violate speed limits, working alongside Thames Valley Police. This will be rolled out in the coming month and will be seen around the Parish soon! To see the data we collected, please have a look on our website.
